Known Issues Resolved: None

Outstanding Issues: None known

New or Updated Level 1 Validation:

- Added validation check FW.0014, which will now prohibit students who are not in one or more of the groups – CTE, Graduate, or Students with Disabilities – from being reported.
- Added validation check FW.0015, which will fatal students who are deactivated/removed from all of the groups at the specific LEA. A future enhancement is being explored to move these students to the Excluded Records file so that they are separated out and do not cause fatal errors.

New or Updated Reports:

- Added the (FLUP-003) CTE Exiting Student Follow Up Values Level 2 Report. A report explanation will be posted [here](#) in the near future.
